Over 40 years ago, two shoemakers had a vision for American made, handcrafted shoes. With innovation at the forefront of their brand vision and a handful of loyal employees, they started San Antonio Shoemakers in 1976. Today, SAS still practices a style of shoemaking that many footwear companies have abandoned. Combining high standards of comfort and fit with a renewed focus on fashion, SAS makes comfort beautiful.
**Key with Details**

Please note: Shoes marked with the symbols below apply to that shoe style only, not every shoe on the page.

- **S** S-Motion Technology®: Built into our exclusive SuperSoft® lightweight sole, this new technology supports the three part walking motion, starting first at the heel strike, across the mid-stance (arch), and through the inside ball, forward to the final toe push off. S-Motion Technology® supports natural stride, making way for improved walking performance.

- **i** Slip-Resistant: These styles feature the SAS X-tra Grip Sole™, using the Brungraber Mark II test for wet and oily conditions. The unique hexagon-shape rubber outsole pattern helps to channel floor spills to maintain effective contact with floor surfaces and is non-marking.

- **a** Italian Crafted: When we decided to create an elegant women’s shoe that best exemplifies the extraordinary comfort, design, and engineering of SAS®. Any particular style or color may have come in hand, we developed a unique approach that embraces superb craftsmanship and the heritage and love of crafting fine leather shoes. Our plan was to learn the processes for making a quality dress shoe and bring home the experience to our Master Shoemakers.Working with these artisans hand in hand, we developed a unique approach that embraces superb craftsmanship and the extraordinary comfort, design, and engineering of SAS®. Any particular style or color marked with this symbol in this catalog may be manufactured in the U.S.A., Italy, or both locations.

- **m** Medicare Approved: These styles have met the standards set by Medicare. Please see your doctor for details and qualifications.

SONYO
Sonyo has a style of its own. Premium leather in a variety of colors is carefully stitched to form a beautiful silhouette on the foot. Delicate cutouts add an upscale design and ventilation. A "V" cutout aids in fitting higher insteps. Genuine moccasin construction, a removable footbed, TRIPAD® cushioning and a lightweight sole provide long-lasting support.
AUBREY
Luxurious Italian leather and a matching leather bow give this wedge a classy style and upscale feel. Soft premium leather lining, a removable cushioned footbed and added depth for extra toe room provide lasting comfort all day.

AVA
Chic and sophisticated, this peep-toe wedge has a leather bow for that perfect dressy look. Premium patent leather upper or flocked floral design add an upscale style, while soft leather lining surrounds the foot in comfort. Added depth allows for extra toe room without sacrificing an elegant look. A removable footbed and durable sole create shock-absorption and cushion.

COCO
An upscale look with a cushioned feel, Coco brings comfort and fashion together. Trendy two-toned premium leather options are versatile for any wardrobe. A removable footbed, TRIPAD® cushioning, and pillow-soft lining provide cushion on top of a shock-absorbing sole.

LUCIA
This sleek dress heel is handcrafted with stretch fabric for a snug and comfortable fit. Soft premium leather lining hugs the foot and added depth offers extra toe room. A removable footbed cushions each step while a leather sole with a rubber insert provides a natural cushion and extra grip.
**SOFIA.**
This delicate wedge has an elevated style with exquisite comfort features. A variety of premium leather uppers create a plethora of color options. Soft leather lining hugs the foot while added depth gives extra toe room for all-day comfort. A removable footbed cushions each step, while a textured sole offers stability and grip.

**SCARLETT.**
An elegant wedge that looks even better on the foot, Scarlett is a lovely peep-toe classic. Soft leather gives Scarlett a smooth look and feel. A removable footbed cradles the curves and arches of your foot and keeps you supported during long days. Textured grip on the sole provides added stability.

BARBARA TOO

Storage and strap options make this bag versatile. The exterior and front flap are made with premium full-grain cowhide leather. Two main top compartments (one zipper topped and one magnetic closure), front and rear zipper pockets, inside zipper pocket, inside utility pocket and a leather trimmed lining divider offer plenty of options for organization. An adjustable leather strap with solid brass hardware provides multiple wear options.

This bag lays flat against the body and can be worn on the shoulder or across the body. A long, slender leather strap can be worn at its natural length, or tied to create a shorter shoulder drop. Drum-dyed leather creates a soft and supple exterior. The main zipper compartment is lined with fabric. An outside zipper pocket on the front, and a slip pocket on the back, provide plenty of storage options for your basic essentials. Available in an assortment of colors.

Take a moment to think about the shoes you’re wearing right now. You probably haven’t given much thought to where they were before they landed on your feet. If you happen to be wearing SAS shoes, that one pair has had a host of experiences prior to leaving the factory. In fact, just one pair of our shoes can go through up to 100 different steps and assurances before they are declared SAS quality.

In order to create SAS shoes, the ones that have come to be known as the “shoes you don’t want to take off at the end of the day,” there are 14 categories of operations that take place in our factories, like leather selection, die-making, cutting, lasting, and more. Within those categories, approximately 80 different skilled pairs of hands are carefully constructing and inspecting each shoe to make sure the SAS shoes you choose are the best made pair of footwear in your closet.

With two main operating factories (our original, established in 1976, in San Antonio, Texas, and our Del Rio, Texas factory that opened its doors in 1985) the company sticks to our founders’ vision of handcrafted, genuine leather shoes made in the U.S.A. We also own and operate a sister plant in Acuna, Mexico, which is directly across the border from Del Rio, Texas, where specific operations, such as hand sewing and stitching take place on some of our styles. Additionally, we work hand in hand with a multi-generational family owned shoe manufacturer in Italy to design and engineer our line of pumps and other dress shoes.

WHERE STYLE AND COMFORT ARE CREATED.

THE STEPS SAS TAKES, SO YOURS ARE STYLISH & COMFORTABLE.
Creating fine, high-quality products for over 40 years and counting.

Slip-Resistant: These styles feature the SAS X-tra Grip Sole™, using the Brungraber Mark II test for wet and oily conditions. The unique hexagon-shape rubber outsole pattern helps to channel floor spills to maintain effective contact with floor surfaces and is non-marking.

**WOMEN’S LIBERTY**
Stay secure on your feet at work with this handcrafted lace-up slip-resistant style for women. With water-resistant leather and SAS X-Tra Grip Sole™, you can feel confident on the job. TRIPAD® cushioning and a removable CoolSTEP™ footbed help keep feet comfortable and dry all day.

**WOMEN’S PATRIOT**
Our women’s slip-on with a slip-resistant sole, Patriot is a great option for work. Designed with water-resistant leather, SAS X-Tra Grip Sole™, TRIPAD® cushioning and a removable CoolSTEP™ footbed, this style is packed full of comfort to keep you moving.

**WOMEN’S ALPINE**
Alpine is our slip-resistant lace-up ankle boot for women. Water resistant leather and the SAS X-Tra Grip Sole™ help provide protection from slipping. TRIPAD® cushioning, a CoolSTEP™ footbed and soft genuine leather provide comfort to last the day.

**MEN’S GUARDIAN**
For men who need a sturdy slip-resistant lace up, Guardian is the choice. Our SAS X-Tra Grip Sole™ is tested to help resist slipping during the work day. A CoolSTEP™ removable footbed and TRIPAD® cushioning provide long-lasting support and comfort.

**MEN’S NAVIGATOR**
This hand-laced slip-on features our SAS X-Tra Grip Sole™ and water-resistant leather to help you withstand long days on your feet where slip-resistance is needed. The removable CoolSTEP™ footbed helps keep your feet dry and comfortable all day long, while TRIPAD® cushioning supports the three main pressure points on the foot.
FOOTBEDS

COOLSTEP™
Our SAS CoolSTEP™ footbed uses an anti-bacterial foam material that aids in wicking moisture from the foot’s surface. This dual-density CoolSTEP™ foam is engineered to be firmer, more supportive, and softer under the forepart of your foot for cushioning. The O2 airflow cover on this foam helps in reducing friction that can cause heat buildup underfoot. The heel is cupped for a cradle-fit. Our SAS CoolSTEP™ footbed gives a cooler, more stable, comfortable walking experience.

• SAS Air Flow technology
• SAS SoftArch design
• Anti-fungal treatment
• Anti-bacterial treatment
• Dual-density material

STEP PLUS™
Everyday comfort insole that supports the arch, cradles the heel, and helps eliminate overall foot pain. Made with Everbounce, a material used to enhance shock-absorption. The SAS StepPLUS™ footbed contains an extra soft midsection designed to provide additional support to the metatarsal area as well as a moisture control system which helps wick away moisture. This footbed is anti-bacterial and anti-fungal.

• Everbounce cushioning material
• Enhanced arch and metatarsal support
• Cradles heel for extra stability
• Anti-fungal and anti-bacterial

**SAS FACTORY & GENERAL STORE**
SAN ANTONIO, TX • EST. 1976

**Turn-of-the-Century Charm**

What is it that makes a shopping experience so memorable? One-of-a-kind atmosphere? Certainly. Unique finds? Almost always. Friendly service? Without a doubt. Luckily, you can find all of that and more at the SAS Shoe Factory and General Store.

Stepping into our SAS General Store is like stepping back in time. The antiques and Americana novelties help paint that picture, but it’s the engaging and friendly staff that really takes you back to when old fashioned values were the rule.

You can enjoy old-fashioned candy from our charming candy shop, or grab a scoop of your favorite ice cream flavor at our authentic ice cream parlor. Not to mention we’re always popping up fresh popcorn for just $0.50, and our ice-cold soda is just 10¢.

**So why all the nostalgia?**

The SAS brand is about the standards of yesteryear. The artistry of handcraftsmanship. The timeless quality of genuine leather. Those standards are present in every pair of shoes we make, and you’ll see that throughout the SAS General Store in our shoes, handbags and associates. Our General Store is located right next door to our San Antonio factory, which offers regularly scheduled tours to the public.

At SAS we believe we have the highest quality standards in the industry. Therefore, many shoes that would be sold at first quality prices by other companies are sold at a discount at our General Store. You’ll still find the superb quality and comfort you’ve come to expect from the SAS brand in these shoes. Small cosmetic flaws that don’t pass our quality standards allow us to sell them on-site at the General Store at a discounted price.

KEEP MOVING TO INSPIRE

San Antonio Shoemakers is dedicated to supporting the community. One of the efforts to carry out this mission is the SAS Comfort and Support Team. Established to visit disaster-stricken areas to provide those in need with a comfortable pair of shoes to get back on their feet. This group of caring individuals travels to the site of the disaster and fits victims with a brand new pair of shoes. Most importantly, they get to share a moment of fellowship. It doesn’t stop there. SAS also works with several non-profit agencies, partnering together to help bring comfort and support everyday. One pair of shoes at a time is how SAS keeps moving to inspire and care for others.
